

REARO **STERICLAD**

**HYGIENIC PVC  
WALL CLADDING**

# Introducing Stericlad™ hygienic wall cladding

**Stericlad™ offers a durable, easy-to-clean, and hygienic PVC wall cladding solution for a wide range of environments**

Supplied by Rearo, Stericlad™ provides superior hygiene control and long-lasting performance, reducing the risk of contamination and infection.

Stericlad™ is ideal for healthcare facilities, commercial kitchens and educational institutions.

It is also suitable for food processing plants, laboratories, and other hygiene-critical areas.

## **Hygienic protection**

Stericlad™ is a first class hygiene cladding system with a high chemical resistance and food grade classification.

## **Easy to clean and maintain**

Smooth, non-porous surface resists stains and is simple to wipe down.

## **Durable and impact-resistant**

Withstands daily wear and tear, maintaining a pristine appearance.

## **Waterproof and seamless finish options**

Creates a hygienic and watertight barrier.

## **Cost-effective:**

Long Lifespan, minimal maintenance.

## **10-year guarantee**

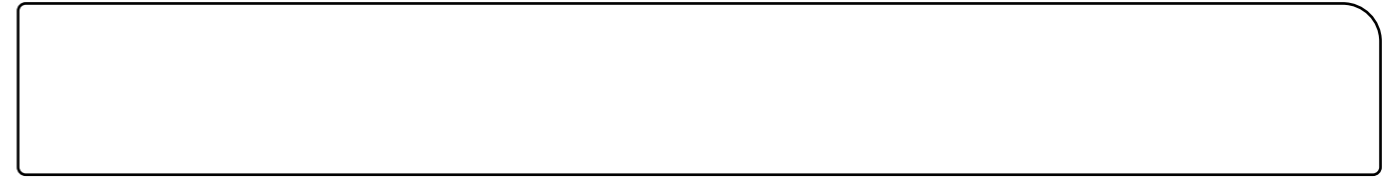

Enjoy peace of mind with a comprehensive 10-year Guarantee, assuring you of durability and reliability.

# Installation and accessories

## Seamless installation, professional finish

Stericlad™ is designed for easy installation and can be seamlessly integrated into new construction or renovation projects.

Achieve a flawless finish with our comprehensive range of accessories.

- 3050mm trims to match.
- J-Section End Cap 2-part.
- H-section Division Bar 2-part.
- Internal Corner 1-part.
- External Corner 1-part.
- Vinyl Floor Joint 2-part.
- Welding Rod White 185m.
- 6.5kg Adhesive 2-part adhesive.
- Panel Adhesive Tube 300ml.

\*Trims are available in white satin or colour matched to panels.

\*\*Welding rod is only available in white.

## Installation notes:

- Stericlad™ sheets are best fitted to a suitably prepared substrate using our 6.5kg tubs of 2-part adhesive or our tubes of solvent free panel adhesive.
- 6.5kg tubs of 2-part adhesive is applied using a notched trowel.
- Joints can be hot welded for a watertight seal or joined using matching PVC trim systems.
- Welding rod is applied using a specialised welding tool.
- Stericlad™ panels can be thermoformed.
- Sheets can be overlaid or trim fixed to a vinyl flooring system.
